### QUEEN BEE MOTORCYCLE GLOVES

181-900  
BLACK & FOREST  
7 / 8 / 9 / 10

The Queen Bee Motorcycle gloves are designed specifically for women. They have a smaller, more snug fit across the palm so they don't feel baggy when you're wearing them compared to wearing small men's gloves.

They are 100% leather and also feature tech leather in the thumb and index finger so you can still use your mobile without having to take your gear off. We've used smaller knuckle armour to get a better fit and stretch panels for comfort. The Queen Bee gloves are also a bit longer up the wrist to help with jackets that may be a little too short in the arm length for you.

The palm and side have a double layer of leather with quilted diamond stitching. The top of the wrist has an adjustable velcro strap for a snug fit with an embossed Black Arrow logo. They are also fully lined.

Note: The Queen Bee gloves are a snug fit but will stretch and break in with wear. If you prefer a roomy glove to start with, order one size up.
